

# Chardon Lakes Quota League Rules

(Un)officially, this is a **Chardon Lakes** “after work golf league” that meets on **Tuesdays** from May – September. Times will be slightly adjusted based on daylight in May & Sept. Tee times are approx. 4:30-6:00. This is a new individual weekly event open to the public as well as businesses/corporations, groups, organizations, etc. Rules are as follows:

- All participants will play 9 designated holes per week (rotate front/back weekly). USGA rules apply. Men play silver tees, Women - blue, Seniors – gold.
- **Players must play with another quota competitor to attest the score.**
- You must play – and complete – your quota round that same Tuesday  
**No Exceptions or make-up days.** If your round is rained out during the round ½ of your weekly cash fee will be refunded and your round will not count that week.
- **Fees: \$5** cash will be collected BEFORE the quota round is played. ½ of the weekly \$ entries goes to the 1<sup>st</sup> & 2<sup>nd</sup> best weekly points over their quota – ½ will go to the end of the season Championship Series prizes & trophies etc. **You must play at least 10 weeks** throughout the season to qualify for the championship rounds. Your accumulated points will be used to determine the championship participants. The number of championship rounds and qualifying participants is based on the size of the league. Your total points &/or adjusted +/- season ending score will be used to break ties.

**There will be two flights (A & B) and a champion from each one.**

- **\$5 Optional Skins & Pin Shots - If no skins that week, pool carries over to the next week**
- There will be a sign in sheet at the proshop counter. Print your name & quota when you pay. Then at the conclusion of your round, add up your quota points and +/- points relative to your target score. Otherwise your quota will not count toward end of season prize.
- **Quota Target:** Determine your course handicap. Then subtract half of it from 18.  
For Example: If your 18 hole handicap is 20, then  $18 - 10 = 8$ .  
Or (subtract CH from 36, then divide that result by 2)  $36 - 20 = 16 \div 2 = 8$   
Then 8 is your quota target. (**ODD numbers round up - then divide by 2**)  
Points are awarded on a hole by hole basis (gross score only) per the below table by scoring bogeys or better.  
Handicaps are not used except to determine first-time quota.

All players need to have an active GHIN handicap. If you don't have an official handicap, then your first round will determine your initial target. If you score 8 points for your first round, then your first round target will be set to 8. **No Sandbaggers Allowed. WE ARE WATCHING**

- **Scoring**
  - 0 pts – **Double Bogey** or worse – Pick it up and get in the cart or move on if walking
  - 1 pt - **Bogey**
  - 2 pts – **Par**
  - 4 pts – **Birdie**
  - 8 pts – **Eagle**
- Scores are determined by subtracting your quota target from your actual points.  
Example: your target is 10 and you score 12. You would be +2. If you scored 7, you would be -3. Actual points will be used as a tie breaker and be used for end of season quota.
- The player that beats their quota by the highest number of points is the winner that week. There will also be a payout for 2<sup>nd</sup> place, pins, & skins.
- If you exceed or fall short of your quota by 4 points or more, your quota will be adjusted up or down for your next quota round by 50% of the difference.
- **At the conclusion of your round:**  
Make sure to turn in your scorecard and post your scores on the sign up sheet or have the proshop attendant help you.
- This may all seem lengthy & confusing but it is really a pretty simple format and we are here to help you sort it out so that you can just enjoy your experience.

**Thank you for playing !**
